TSI AWARDS NEW AGENCY AGREEMENT TO ABC MARITIME FOR THE GREEK MARKET

Since 1989 TSI Turbo Service International has been at the forefront of turbocharger engineering, overhauling and providers of quality spare parts. TSI have worldwide recognition in the Marine and power Station turbocharger markets.

TSI recognises the need to continuously improve and strengthen our local partnerships in the Greek Maritime Market and as such we are pleased to announce the appointment of our new representation Agent ABC Maritime Services Ltd effective from January 2019.

ABC Maritime are very well established in the market, working with over 180 companies, and representing suppliers such as Aegir Marine specialist in stern tube seals. Mr Apostolos Athanassiou has been in a senior sales role within the Greek market for many years and has managed the agency ABC Maritime since 2005.

We very much welcome our new agent in the hope that we can provide an improved service to our Greek customers and continue to strengthen our worldwide group presence.

For more developments within our expanding group please view our company website on www.tsi.eu.com

Please contact us for any of your service or spare parts requirements.
